

Knittel, Janette

Subject: learning process/timing of restoration projects (former Rhone-Poulenc/LDW)
Location: Microsoft Teams Meeting

Start: Fri 2/12/2021 2:30 PM
End: Fri 2/12/2021 3:30 PM

Recurrence: (none)

Meeting Status: Meeting organizer

Organizer: Knittel, Janette

Required Attendees ngray@dofnw.com; Terill Hollweg; Marla Steinhoff - NOAA Federal

Hello. Thank you all for agreeing to chat, and for helping me to figure out a time. This meeting is for us to talk conceptually about the process and timing of restoration projects along the former Rhone-Poulenc site (Container Properties) and how that would fit into future remediation at the site. As Tasya and I have been working toward a Corrective Measures Study for this facility we realize that we want to know more about what we should be looking out for should there be a project along the tideflats and shoreline in the future.

Tasya or I can share a figure of the site to give you bearings, and talk about areas of contamination and preliminary ideas for remediation.

Thank you
Janette
